SUMMARY

BCA student and full-stack developer who builds web and mobile apps with JavaScript, Node.js, React and React Native. Currently a Full-Stack Web Development Intern at Unified Mentor. Built Raksha, an offline health-monitoring app with on-device risk scoring and 1,457 automated tests. Looking for full-stack internships and entry-level developer roles.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, Java, HTML, CSS
Frontend & Mobile: React.js, React Native, Expo, Bootstrap
Backend & Data: Node.js, Express.js, MongoDB, REST APIs, SQLite
Tools & Platforms: Git, GitHub, Jest, Cloudflare Workers, Android Health Connect
Other: Networking fundamentals (Cisco CCNA coursework), data analytics, graphic design

EXPERIENCE

Full-Stack Web Development Intern — Unified Mentor Private Limited May 2026 – Present
Internship · Remote (Gurugram, Haryana)

- Built responsive web and mobile interfaces with React and React Native.
- Integrated third-party REST APIs (weather, air quality) to power live data features.
- Implemented client-side logic for risk scoring, alerts and data visualization.
- Designed privacy-focused features, including on-device processing and user consent controls.
- Used Git and GitHub for version control and code reviews.

PROJECT

Raksha — Offline health guardian app github.com/xreep/raksha 2026
React Native · Expo · TypeScript · Health Connect · SQLite · Cloudflare Workers · Jest

- Android app built for Smart India Hackathon 2026 (Qualcomm, PS 26181) with team 404hunt_06.
- On-device rule engine scores 6 risk categories, including heat stress from the NOAA heat index, using Health Connect vitals with live weather and air-quality data; no account, server or analytics.
- Emergency SOS with a 30-second cancel window, relayed through a Cloudflare Worker to Telegram, with an SMS fallback when offline.
- 1,457 tests across 63 suites run in CI; validated on an Android 15 device.

EDUCATION

Bachelor of Computer Applications (BCA) — Sarala Birla University, Ranchi Sep 2024 – Present
CGPA: 7.5

LEADERSHIP & COMMUNITY

Graphics Design Lead — E-Cell, SBU (Institution's Innovation Council) Sep 2026 – Present

- Lead visual communication, promotional creatives and branding; designed the E-Cell logo, brand kit and Grand Opening poster.

Member — Google Developer Group on Campus, SBU Oct 2026 – Present
